

HOW TO GET YOUR COVID-19 TEST WHILE VISITING CONRAD PUNTA DE MITA

As of January 26, 2021 all air passengers two years of age and older must present proof of a negative COVID-19 test before boarding an international flight to the USA.

Conrad Punta de Mita has partnered with a third party healthcare provider who will be able to administer PCR or Antigen COVID-19 tests at the resort daily and provide the necessary documentation for your trip home.

Antigen tests provide results in 30 minutes, while PCR test results in 24 hours.

The cost will be \$65 USD for the Antigen test and \$185 USD for the PCR test.

FREQUENTLY ASKED QUESTIONS

Who is required to show negative test results prior to departure?

Air travelers returning to United States of America on or after January 26th, 2021 are required to show proof of a negative COVID-19 test or proof of recovery from COVID-19 to the airline prior to departure.

What documentation do I need?

According to the CDC, air travelers returning to the United States must show valid written documentation (paper or electronic copy) from a laboratory or healthcare professional proving either a negative viral test (PCR or antigen test) taken within 72 hours from their flight or recovery from COVID-19.

Where can I get tested?

Conrad Punta de Mita has partnered with a third party healthcare provider to offer both PCR and Antigen tests on-site at the resort daily.

What is the cost of the test?

The cost of the PCR test is \$185 USD and the cost of the Antigen test is \$65 USD.

Do children need to get tested?

Yes. According to the CDC, children 2 years of age and older must be tested before departure.

How are test results given to the traveler?

Results can be in paper or electronic format.

Can the airline deny boarding a plane if a COVID-19 negative test is not presented before boarding?

Yes. For flights departing to destinations that require a negative test, airlines must confirm the negative test result for all passengers or documentation of recovery before they board. If a passenger does not provide documentation of a negative test or recovery, or chooses not to take a test, the airline must deny boarding to the passenger.

Are there enough tests available in Punta de Mita?

Yes. Conrad Punta de Mita has partnered with a third-party healthcare provider to ensure the availability of tests for our guests.

What happens if I test positive?

Travelers who test positive are required to maintain quarantine until proof of a negative test result. Travelers with a positive COVID-19 test will be allowed to quarantine at Conrad Punta de Mita with special accommodations and discounted rates for rooms and Food & Beverage to facilitate this process.

If I've had a COVID-19 vaccine, do I still need a negative COVID-19 test or documentation of recovery from COVID-19?

Yes, all air passengers traveling to the US, regardless of vaccination status, are required to provide a negative COVID-19 test result or documentation of recovery.
